F402 Floorplan

View from Balcony

Fully Fitted Kitchen and Bathrooms

BOA VISTA ISLAND

The island, known as the island of beaches and dunes. It has 55 km of beautiful white sand beaches and emerald green water. It is a less developed, but more beautiful version of Sal.

Boavista is only a 12 minute flight from Sal, which has an international airport. The airport at Boavista has been extended to take international flights from Europe. Direct flights are expected to commence this year (2007).

Boavista's coast provides the ideal location for the tourist's leisure time. Either for a swim in crystal clear waters or for sports like windsurfing, scuba-diving and fishing.
